

E' [• Œ •%o } v •gověrněžit consultation on reforming how local authority school improvement functions are funded

Background

This consultation took place from 29 October 2021 to 26 November 2021. It sought views on the

Respondents were asked to provide a view on the proposals to (i) remove the grant (Proposal 1), and (ii) enable councils to dedelegate funds via their schools forum to ensure they are sufficiently funded to exercise all of their improvement activities, including all core improvement activities

E' [• À] Á]oňž need systems that hold and support them. It is of concern that these proposals do not recognise vital leadership role local authorities perform for approximately four million pupils in our education system, ensuring their wellbeing and good academic outcomes. We do not agree that, taken together, these proposals will allow councils to continue to ensure they are adequately funded for core improvement activities, because in reality £50 million is going to
